The **NRFU** was established by the Cabinet of Ministers of Ukraine and reports directly to it.

## The main objectives

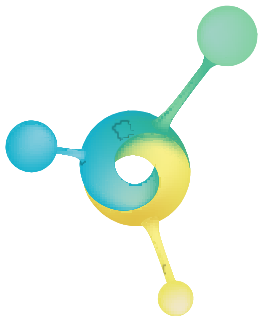

- ✓ stimulation of national fundamental and applied scientific research;
- ✓ development of research infrastructure in Ukraine and its international integration;
- ✓ development of infrastructure of scientific research;
- ✓ young scientists' research project support;
- ✓ popularization of science.

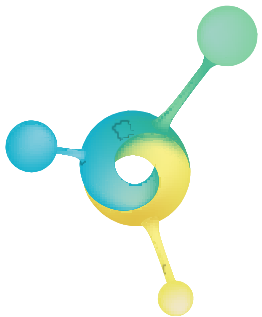

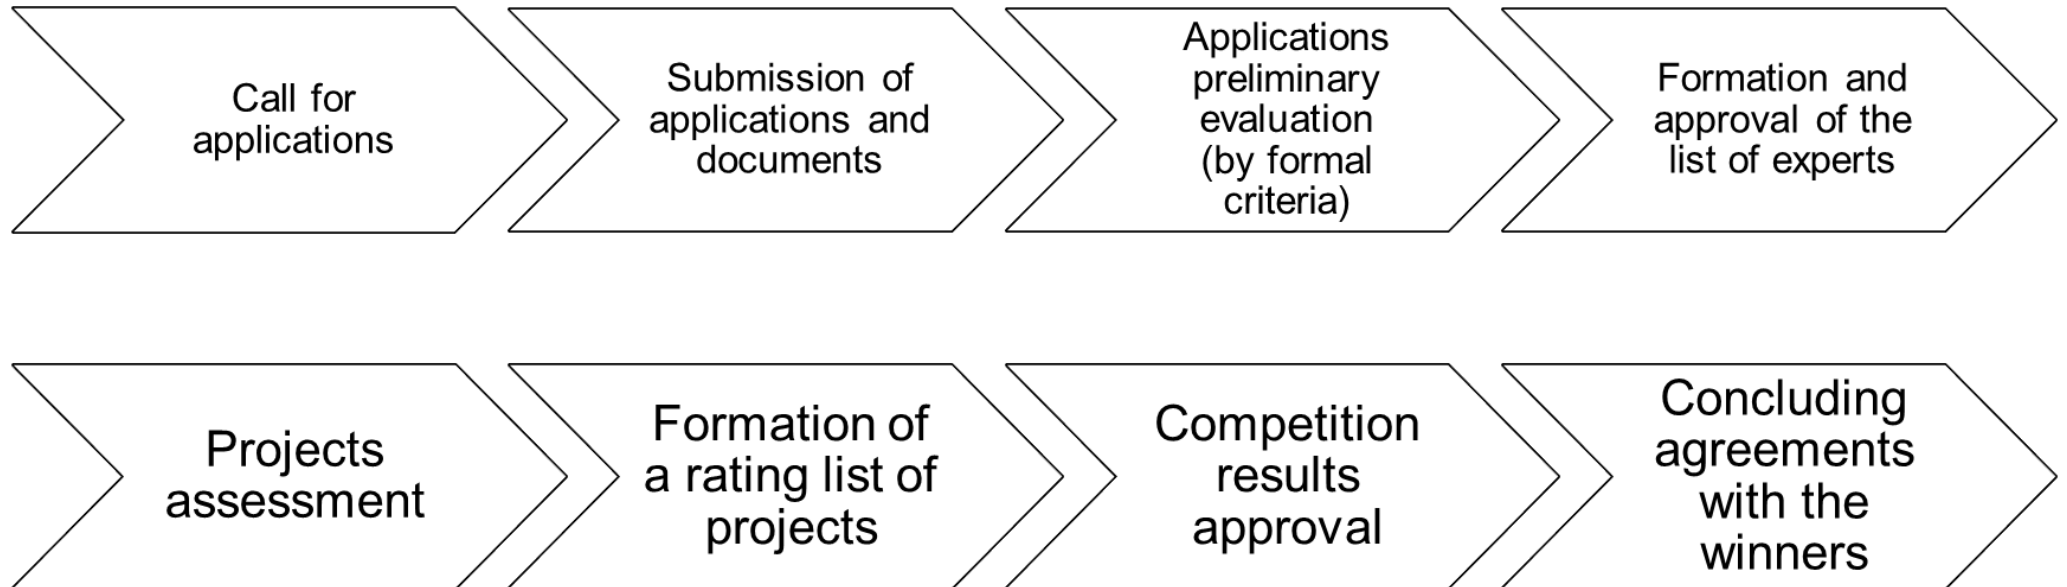

## The Foundation's governing bodies

- ✓ Supervisory Board
- ✓ Scientific Council
- ✓ Chairman of the Foundation
- ✓ Directorate of the Foundation

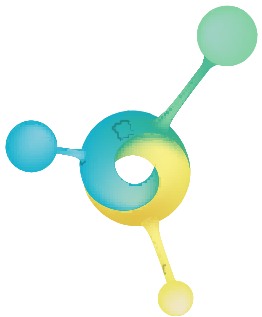

## Stages of competitive selection of scientific and research projects:

## Transparent selection procedures

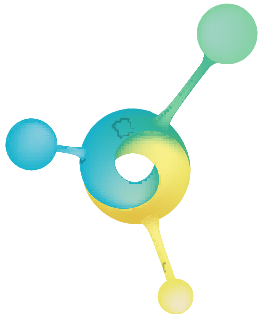

In order to ensure efficient and rational use of budgetary funds, the Foundation introduces transparent procedures for competitive project selection which minimize the impact of the human factor on the distribution of financial resources, giving a considerable part of the selection functions to automated algorithms of electronic information systems.

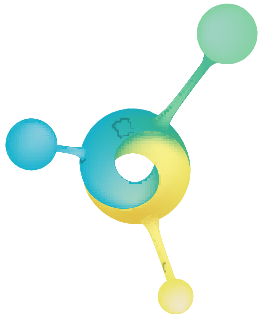

## Submission of applications and documents for participation in the competition

Applications and documents for participation in the competition are submitted through an electronic automated registration system.

## Independent examination of application

- ✓ Examination of projects applying for grants is done by independent experts in respective fields of science and technology.
- ✓ Scientific and technical assessment of each project is carried out by at least three experts, including one foreign expert.

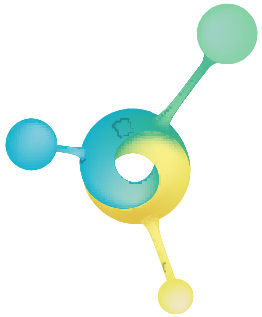

## Independent examination of application

- ✓ Involvement of a foreign expert is mandatory for the examination of projects with a budget of more than UAH 2 million.
- ✓ NRFU are at the moment working on creating a pool of international experts who would assess projects applying for the foundation grants.
